Learn Some Makaton Signs

Makaton is a unique language programme that uses symbols, signs and speech to enable people to communicate. The aim of Makaton is to help people communicate through speech, so when someone is able to say the correct words, they're encouraged to speak rather than sign. It can be a great way to boost language development for very young children, and to help children with speech, language and learning difficulties to express themselves.

“HELLO”

“PLEASE”
